H E N N A

In 2011, I trained with International Henna Artist Ash Kumar and obtained an advanced qualification in Henna art. Using only natural ingredients to create a paste. Henna tattoos are created freehand traditionally on the hands & feet. The tattoos are temporary and can last from a few days to several weeks. The colour of the henna tattoo changes during the life cycle of the tattoo and ranges from a orange-red stain to a rich dark red-brown. Traditionally worn at weddings, henna tattoos are now worn for any occasion.

In addition to traditional henna, other products are also available including 'White Henna', Metallic transfers & 100% Natural Blue / Black Body Ink

- from €7.50
