## LVL ENHANCE

*Unlike a traditional lash perm, LVL Enhance straightens your natural lashes at the root, creating the appearance of longer, thicker lashes, with the added lash tint creating a mascara-style effect, so you're lash perfect from the moment you wake up.*

*Ideal for those seeking a more natural look, the treatment takes just 40 minutes but the effects are instant and last from six-eight weeks.*

*Little maintenance is required once you leave the salon. What's more, by combining the treatment with regular use of our unique Nouveau Lash Conditioning Serum to nourish your lashes, your lashes will never look so good!*
